Note: 1) These are are to visualize, there are more creative ways to present these in a manuscript.

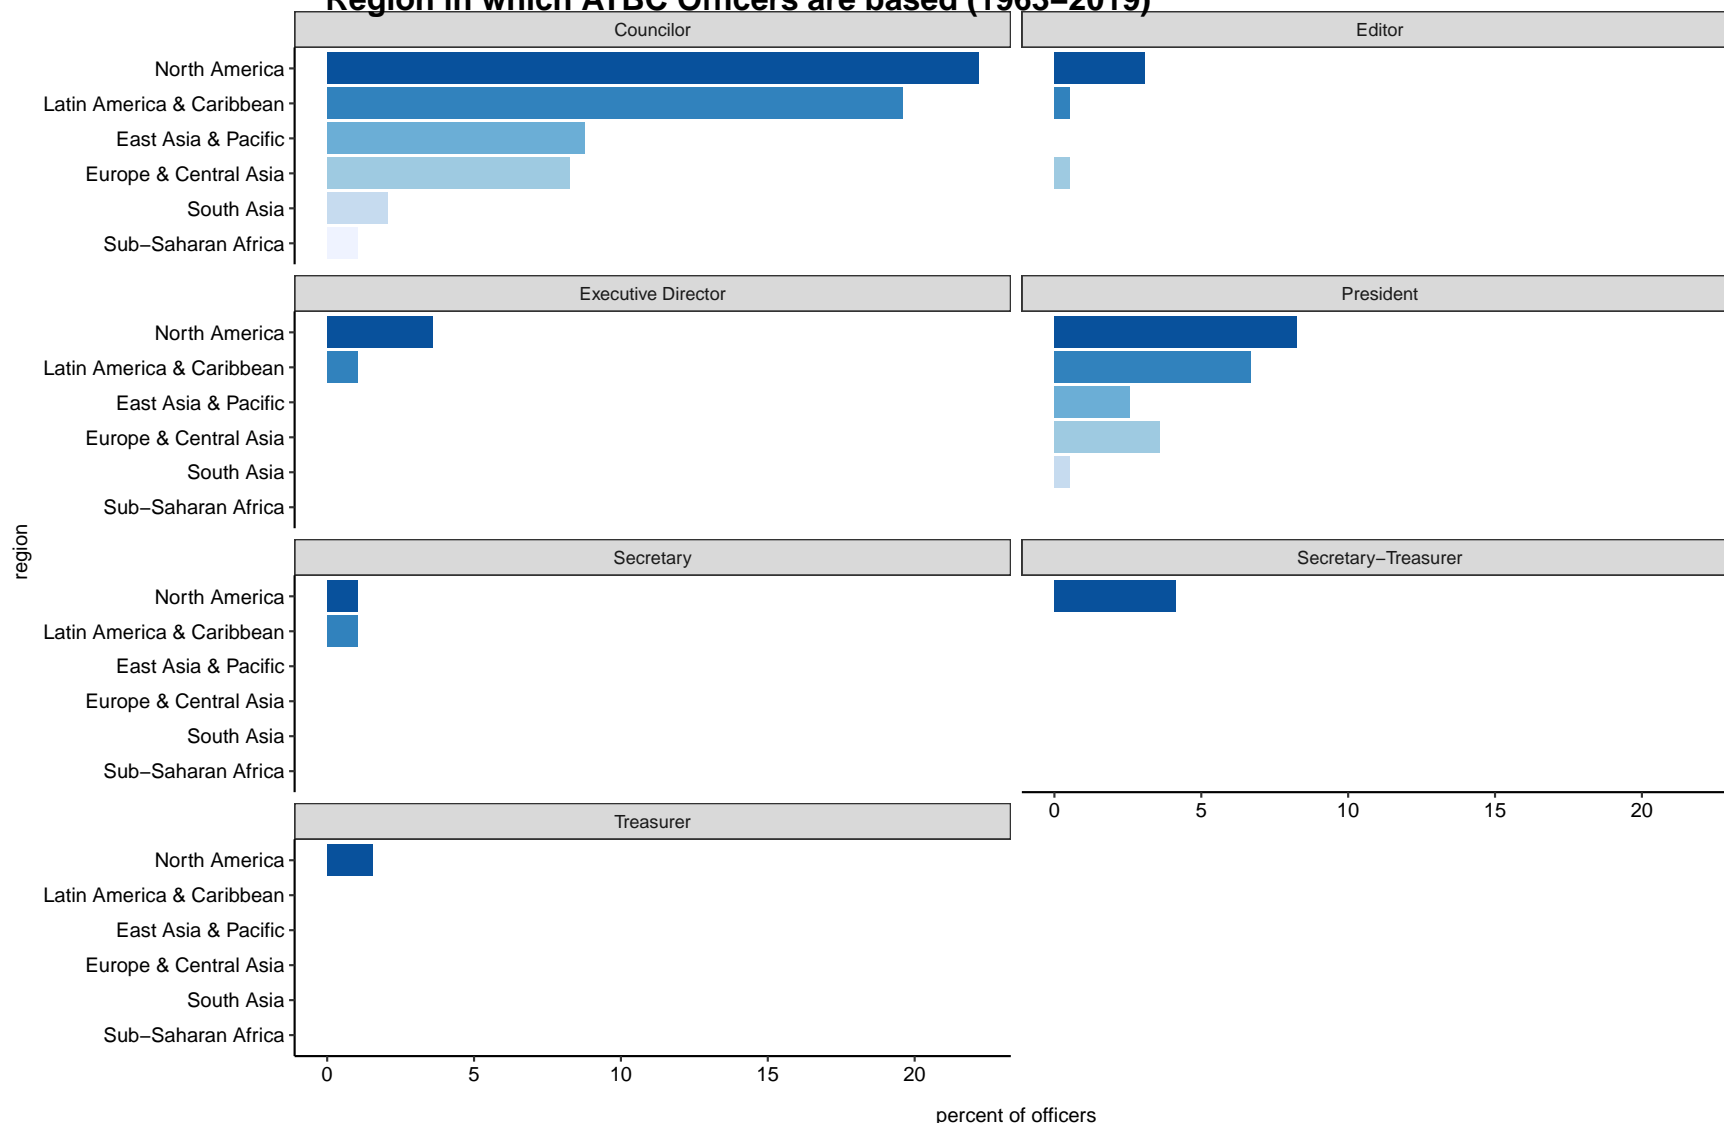

2) The ratio of M:F officers will shift “Male” because the councilors from 1971 to the early 1980’s have not been added to the data.

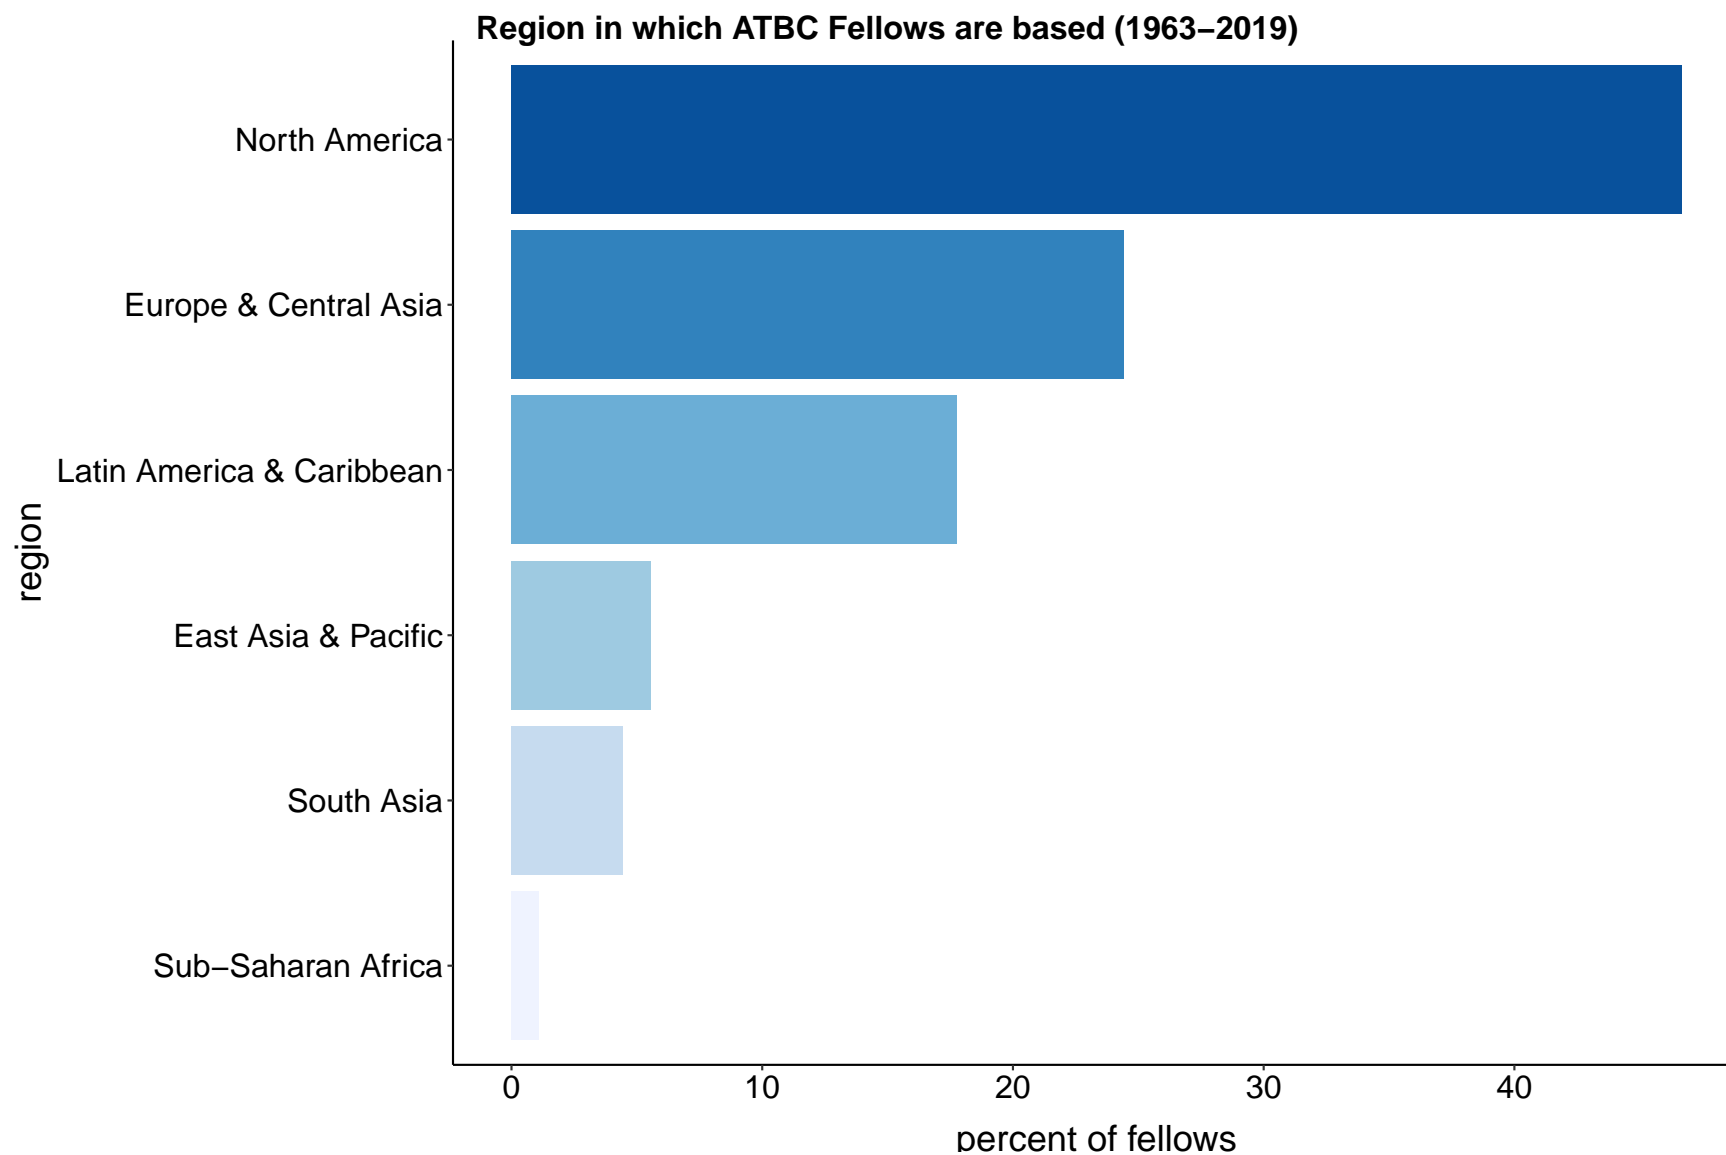

3) The “regions” are the World Bank Regions and we can adapt these to our needs. PD and LL suggested: 3a) Shifting South Asia in with East Asia Pacific 3b) All Africa together instead of splitting out N. Africa. 3c) If no central asia, then just simplify to “Europe”

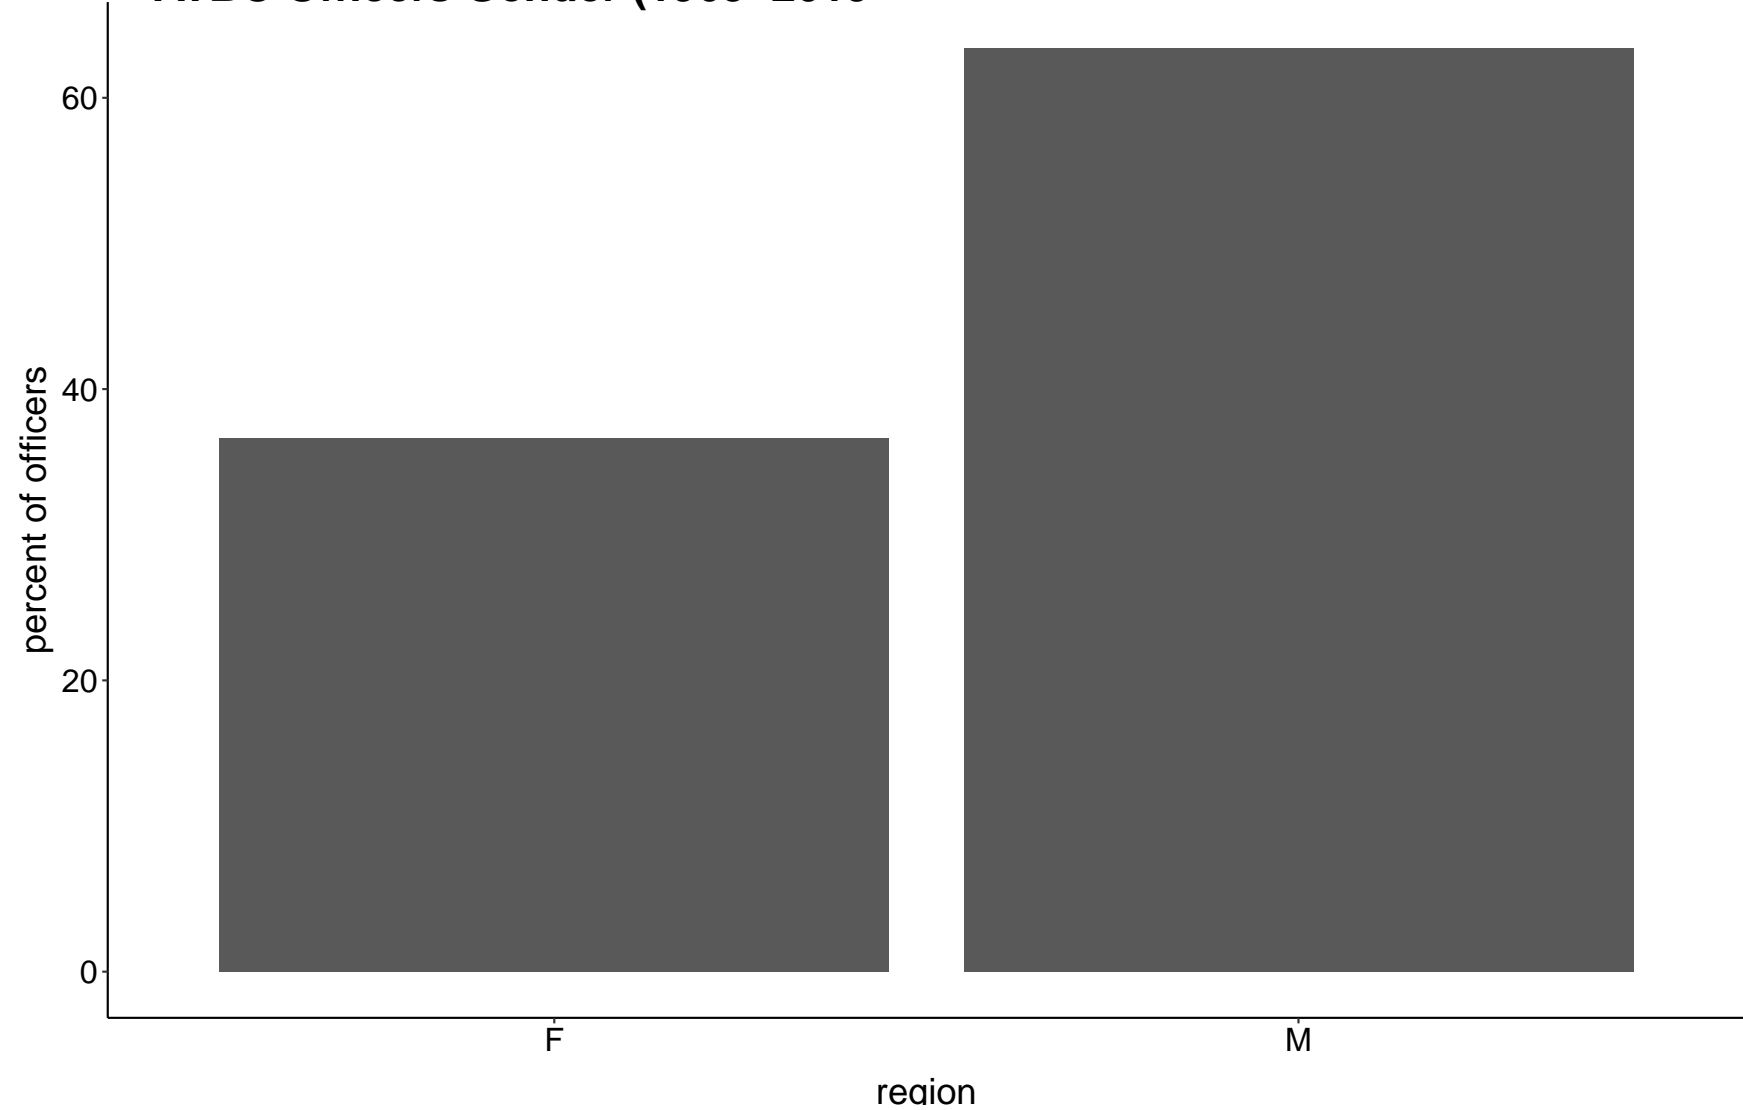

## Region in which ATBC Officers are based (1963–2019)
